

PROFESSIONAL LAKE MICHIGAN CHARTER FISHING GUIDE

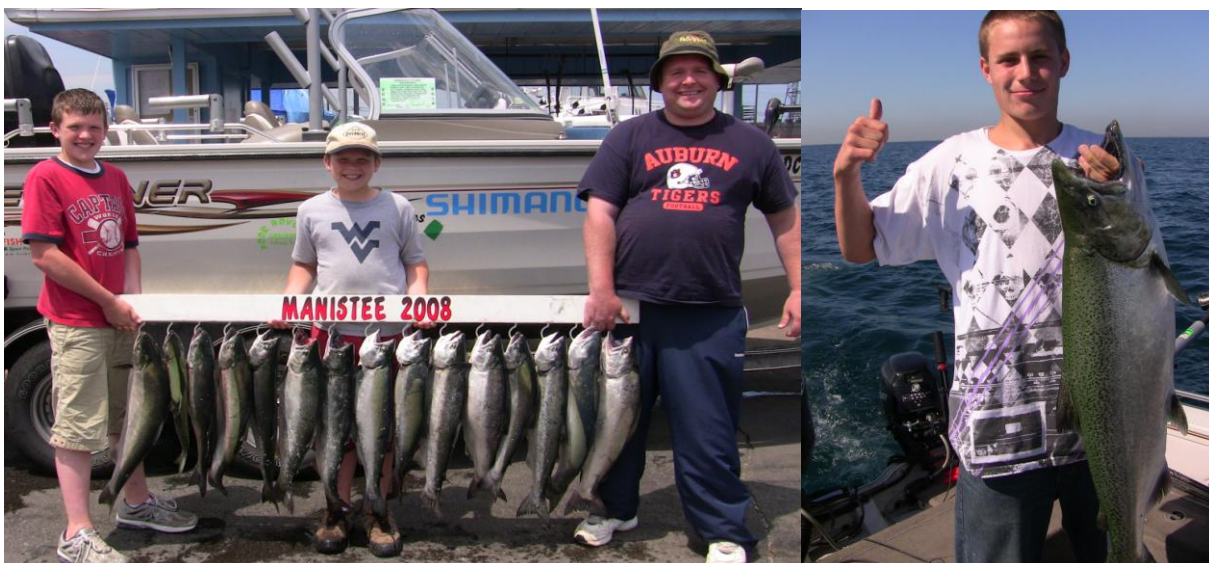

CAPTAIN RALPH STEIGER

The summer months offer us some unbelievable, deep water Salmon and Trout fishing on the South end of the lake. This is the best time of the year to catch big fish. There is always a lot of action and a lot of line SCREAMING going on. Plus another bonus is the beautiful weather. Tee shirts, shorts and some sunscreen is all you need. This type of fishing is great through the months of June, July, and August. If you enjoy eating fish, these are some of the best tasting Salmon and Trout of the year. They are in deep, clean, clear, cold water and the table fare is awesome.

This is also a great time to get friends and kids into fishing. Trolling for these fish allows a relaxing, easy going day. Kids love it because the action is great and the fish are big. The other bonus for kids is you don't have to hold the pole, cast, or pay a ton of attention. The excitement when a big fish gets on will be unmatched.

Another reason to come out with me is to learn. I get a lot of guys that own their own boats that come out with me to learn new tactics and techniques. Here are few things you will learn:

- How to run downriggers
- How to run fixed sliders or free sliders
- How to run wire dipsy divers
- How to run meatrigs properly
- How to run copper and leadcore
- How to run multiply leadcore or copper rods
- How to target just King Salmon or Lake Trout (this is how you win tournaments)
- How to choose what baits to run and why

A full day trip for this type of fishing cost \$400.00. I take up to 3 people. This price is much cheaper than most charters for this type of fishing due to smaller group size and a smaller boat.

Thanks again, Ralph
